CONTENTS

Contents 3

Systemic Study of the Hemodynamic Effects of Sublingual Nitroglycerin in Unanesthetized Dogs. *K. Nonaka and A. Ueno* 5

Effect of an Antiarrhythmic Agent, Carocainide, on Action Potentials of Ventricular Papillary Muscle of the Guinea-pig Heart *in vitro*. *J. Muramoto, N. Hotokebuchi and K. Nishi*. 27

Effect of Antiarrhythmic Drugs on the Postischaemic Metabolic Recovery of Isolated Rat Hearts. *G. Latocha and W. Bernauer* 39

Synergism between UK 38 485 and ICI 185 282 against Digoxin-Induced Arrhythmias in Guinea-Pigs. *I. Kanzik, H. Zengil, N. Ipek, I. Çakici, N. Abacioglu and H. Dörtlemez* 55

Effects of Action Potential Prolongation via Different Cellular Mechanisms on the Electrophysiological Properties of Rat and Guinea-Pig Ventricular Myocardium. *M. Gwilt, R. C. Williams and A. J. Higgins* 66

5-Hydroxytryptamine-Induced Contraction of Human Isolated Umbilical Artery and its Dependence on Cellular and Extracellular Ca^{++}. *N. Doğan, E. Çiçek, A. G. Cenik, E. Şingirik, M. Kiliç and A. S. Özcan* 79

Vasorelaxing and Receptor Binding Properties of NZ-105, a Novel Dihydropyridine Derivative, in Isolated Rabbit Aorta. *Y. Masuda, T. Iwama, T. Yamashita, T. Sakai, M. Hibi, S. Tanaka, K. Shigenobu and Y. Kasuya* 86

Effects of Isosorbide-5-mononitrate and Isosorbide-2-mononitrate on Isolated Dog Aorta: Vascular Relaxation and Increase in Cyclic GMP. *R. Atanassova and R. Balansky* 104

Concentration-dependent Desensitization of Isolated Porcine Coronary Arterial Segments to Acetylcholine. *R. D. Tanz and W. G. Nayler* 110

Function and Distribution of Acetyl- and Butyrylcholinesterase in Canine Tracheal Smooth Muscle. *M. Adler, J. P. Petrali, D. H. Moore and M. G. Filbert* 126

Muscarinic Receptor Subtypes of Guinea-Pig Common Bile Duct. *F. Karahan, I. Alican, U. Özkutlu, F. Onat, B. Ç. Yeğen, N. B. Ulusoy and S. Oktay* 140

Guanabenz Action on Renal Excretory Function in New Zealand Genetically Hypertensive Rats. *M. L. Kauker and E. T. Zawada* 146

Effects of Mefloquine on the Isolated Chick Biventer Cervicis and Rat Phrenic Nerve Hemidiaphragm Preparations. *H. S. Lee and M. L. Go* 158

Influence of Clomipramine and Embolization on the Characterization of Serotonin Uptake in Rabbit Lung Using a New Mathematical Model. *F. A. M. Peeters, H. Bult and A. G. Herman* 168
